WEIGHTECH RECEIVES PATENT

July 10, 2008 – Waldron, AR - WeighTech announced today the receiving of United States Patent No: US 7,397,003 B2.

The patent will protect the rights to WeighTech's Modular Sealed Portable Digital Electronic Controller, known as the MicroWeigh digital indicator.

WeighTech now has two patents for the MicroWeigh digital indicator. The first patent, US 7,002,084 B2 was received on February 21, 2006.

Steve Tull, WeighTech President, said "We are pleased to receive this second patent on our indicators. We've been looking forward to this occasion for two years now."

WeighTech is a scale and equipment provider to the food processing industry. WeighTech offers a full production line of scales and equipment for the poultry, seafood and red meat sectors. For more information see www.weighthtechinc.com.
